Who we are

Wright-Patterson Air Force Base

Wright-Patterson AFB is the largest single site employer in Ohio with dozens of organizations representing a spectrum of Air Force and Department of Defense activities calling us home. The 88th Air Base Wing is the host organization and provides operational support for more than 100 associate units. We have the second largest Medical Center in the U.S. Air Force and the largest Force Support Squadron in the Continental U.S. Our primary missions include operating the installation; training and deploying expeditionary Airmen in support of joint operations, and defending the base and its people.

88th Force Support Squadron

The 88th Force Support Squadron offers morale, welfare and recreation initiatives, programs, events and activities to all of our Airmen and their families. Our goal is to offer programs that provide a sense of community, encourage unity, strengthen relationships and aide in the overall recruitment and retention of our valued personnel.
